

SEAWAY VALLEY AMATEUR RADIO CLUB

MINUTES OF MEETING OF AUGUST 8, 1962

A regular meeting of the club was held in EMO Headquarters on Aug. 8, 1962. Present were: Messrs. Croteau, Labre, Rowbotham, Godard, Miller, Marquis, Johnson, Scott, Rothe, Jones, Halliwell, Bennett.

The minutes of the previous meeting and the Treasurer's Report for 1961-62, which had not been complete for the annual meeting, were read and approved. The Treasurer reported a balance of \$41.89 carried into the new fiscal year.

It was mentioned by the President that the signal generator was not adequate for work at VHF and suggested that thought be given to purchasing a better unit.

The Hamfest came in for considerable discussion. It was moved and approved that the Ways and Means Committee, A. Labre, Chairman, be the Hamfest Committee. The following suggestions were passed on to the committee:

MacDonell's Inn would be a suitable location.

Prize winners should be given a choice of the remaining prizes.

Tourist Committee of the City be approached for ideas and co-operation. / RRO licenses to be presented

Special Ham&Bull be issued. / at the fest.

The Hamfest Committee was requested to report to an Executive Meeting to be held on Aug. 17th.

The Constitution Committee had nothing to report.

Regarding the possibility of holding amateur radio courses during the winter, Hans Rothe reported that EMO plans to hold short RRO courses in the area early in the fall. After these are completed it will be determined ~~when~~ how much interest there would be in Amateur courses. It is not certain whether EMO can obtain approval to sponsor such courses, and failing this the Club should consider doing so.

EMO will probably set up a commercial net in the counties, with the cost spread over 7 years. The Communications Officer hopes to be able to organize an amateur net in the area and train it in C.D. procedures at an early date, ~~in~~ If it is shown that this net can operate effectively, soon enough, EMO might see that a commercial net is not needed. He asked that all amateurs consider getting on 2 meters as soon as possible, preferably mobile. There are seven on 2 meters now and there will be 12 within 2 months.

The Ham-Bull was discussed, particularly the removal of non-interested persons from the mailing list, and the possibility of carrying advertising to help defray expenses.

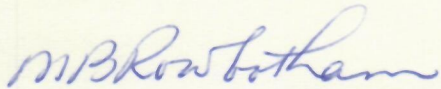

It was moved by B. Rowbotham and seconded by H. Rothe that the signing officers be the President, Secretary and

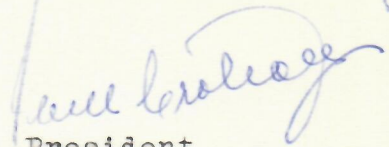

Treasurer, any two. Carried. This motion would permit transfer of the bank account to the new Treasurer this year and in future years.

Bud Marquis extended an invitation to visit radio station CFML.

There being no further business the meeting adjourned at 10.00 p.m.

MINUTES OF MEETING OF SEPT. 28, 1962

A regular meeting of the club was held at EMO Headquarters on Sept. 28, 1962. Present were: P. Croteau, A Labre, B. Rowbotham, H. Rothe, E.B. Marquis, L. Johnston, D. Wilson, E. Halliwell, G. Scott, G. Elston, R. Powell, T. Hanlon, W. Banks, J. Hawkes.

The minutes of the previous meeting were ~~adopted~~ read and adopted.

The Treasurer reported a profit of \$23 from the Hamfest, and a balance on hand of \$107.71.

The President reported that EMO hopes to obtain approval to conduct three RRO courses and one amateur course. The latter would probably be held outside of Cornwall, possibly in Glengarry. There appeared to be a need for amateur courses in the city and the club should consider conducting one or more. B. Rowbotham reported that rental of a suitable room at the Y for a course operated by the club would be ~~1/2~~ \$7 a night. However, the Y would be glad to operate a course for members, with the club supplying the instruction, if sufficient interest were shown. There would be no charge for the room in this case. The minimum membership in the Y required by those taking the course would be a Social membership at \$6 a year. This would entitle the member to full social privileges in the Y. A. Labre stated that he had made tentative arrangements for a meeting between the President and representatives of the Air Cadets regarding a course for that group. It was moved that the President should appoint a committee to look into the matter of courses, to report at the next meeting.

The President reported on the hamfest. It was agreed that it had been a success. Suggestions for improvement in future hamfests were requested from the floor and these were recorded along with those which the Hamfest Committee had put on file.

It was proposed by H. Rothe that the club consider offering a substantial scholarship, say \$1000, to a student entering university. This would be financed by sale of raffle tickets. The club would gain very favourable publicity in this way. There was considerable discussion and it was moved that the Executive give the proposal further consideration.

Purchase of additional equipment was discussed. An oscilloscope was suggested but it was pointed out that it would not be advisable to purchase one valued at less than about \$150. This, of course, could not be financed at this time.

The Constitution Committee was asked to have a draft of a proposed constitution changes ready for the January meeting.

EMO has requested that the a 2 meter net be activated because of the current emergency. VE3ANW appeared to be suitable as a base station. There was a possibility of 13 stations. Hans Rothe is organizing this. He also reported that the EMO communications plan had been approved. This included an amateur net with crystals supplied but there would be delay in getting crystals. The plan also includes a 100 watt base station in
